INVIGORATING CORDIAL PURELY Vegetable in its composition. This invaluable Cordial is extracted from Herbs and Roots, which have been found after years of ex-perience, by the most skillful physicians, to be nossessed of qualities the most beneficial in the diseases for which it is recommended; and hence whilst it is presented to the public as an effica cious remedy, it is also known to be of that character on which reliance may be placed as to its safety. In cases of Impotency, Hermorrhages, Disordered Sterility, Menstruation or Suppression of the Menses, Fluor Albus or Whites, or for

Debility arising from any cause, such as weakness from aickness, where the patient has been confined to bed for some time, for females after confinement, abortion or miscarriage, this cordial cannot be excelled in its salutary effects or in loss of muscular energy, irritability, physica prostrutibo, seminal weakness, palpitation of the creative functions, nervousness, &c., where a rosic medicine is required, it will be found equa f not superior to any compound ever used.

As a Tonic Medicine, it is unsurpassed. We

do not place this cordision a footing with quack medicines, and, as is customary, append a long list of recommendations, certificates, &c., begin-ning with "Hear what the Preacher says," and such like; it is not necessary, for "Henry's Invigorating Cordial" only needs a trial to prove tha will accomplish all we say. HECKERS VARINA, prepared expressly for families, a delicate and appropriate food for all seasons, and one of the most economical, nutritious, and wholesome preparations ever brought to the table, eminently combining the gratification of the palate with ample and healthful sustenance of the body.

Strictly speaking, Heckers' Farian is neither stringent nor laxative, but restorative, strengening the digestive and absorbent system. In disordered bowels, diarrhae, dysentery, and even in cases of cholera, when food is deemed admissible by the physicians, Heckers' Farina cannot fail to be salutary; and wherever known is extensively used in hospitals and private practice. The preservation of health or the prevention of sickness is at least as impostant as the curing of disease, People in health should therefore use Heckers' Farina freely, as common food, to preserve the inestimable blessing.
